Kanzlei Lang

AuditTemplate is a perfect match for our audit approach.

„Kanzlei Lang is an accounting and audit firm with a focus on medium-sized businesses. We perform financial audits for clients in a wide variety of industries and sizes. It has therefore always been important for us to adapt our audit program to every client’s individual profile and to develop it further year by year. AuditTemplate is a perfect match for this client-focused approach by providing flexible tools to represent individual risks, controls and responses by auditors.

We also feel that our investment is well-protected. AuditTemplate offers an integrated overall view of the audit to simplify audit planning and progress monitoring. This feature is a substantial improvement for managing multiple audit procedures. Not only does it ease internal workflows, it can also be useful to give an overview to a peer reviewer with little effort.”

Looking back on a history of over 30 years since its foundation, Kanzlei Lang is today active in a broad range of professional service lines including audit, accounting, tax, commercial law and private M&A. We are strongly committed to understand our clients’ goals and needs and to relentlessly pursue these goals to the best of our ability. Our team of audit and accounting professionals is supported by a best-of-breed choice of hard- and software and is always looking for new ways to get better. Just for the fun of it.
