

I use IDEA.

Michael Puschkasch
Financial & Administration Manager
Bona GmbH Deutschland

Standardized audits with IDEA – for a safer order-to-cash process

„Audicon’s O2C audit package is a significant cornerstone of our internal control system in sales and distribution: The audit tests comprise key controls for protection against asset losses and point to possible compliance-relevant matters. These controls help us keep our accounts receivable accounting well-maintained. The high level of automation enables a fast, efficient and standardized audit of our sales processes.“
